

## Requirements for Ritu Shringar Performance

- **Stage:** 20ft depth x 30ft width, with 2 Wings (2-3 ft. wide) at both the sides
- **Backdrop:** Black (Preferred) or Dark Brown or Navy Blue
- **Screen & Projector:** Ideally two sets of Screens (mounted) & Projector at both sides of the stage. In case of space constraint, one screen can be used. Screen size: as per requirement of auditorium.

Back projection is preferred.

- **Laptop (with AC Power supply) Player connected with Projector & Sound System.**
- **Green Room:** Adjoining stage (with mirror & sufficient lights)
- **Lights:** 6 LED Lights, 2 PAR Lights and 2 FOH Stands
- **Sound System: Sound System (with monitor) of sufficient output required as per the size of auditorium. Audio output from Laptop/DVD Player.**
- **Generator Backup:** The ballet is performed on pre-recorded continuous sound track. Therefore, we prefer an uninterrupted power supply through a generator set.
